The WINNING WEEK CHALLENGE™

## your winning week WORKBOOK

# your winning week WORKBOOK

#### Welcome to our Winning Week Challenge.

We're Duayne Pearce (builder) and Amelia Lee (architect) - Co-Founders of Live Life Build.

At Live Life Build, we're on a mission to improve this industry we both love. And we now help builders like you through our blog, online courses and mastermind.

We see too many builders struggling and want to help you with tools, systems and processes to improve your projects, business and life.

And because we still work in the industry, we know about the challenges you're dealing with on a day to day basis.

So, we've put together this Winning Week Challenge just for builders like you.

Over the next week, we'll be sending you a daily email with a specific and simple task to do each day, and tips on things that will help you in your projects and business.

We can't wait to see the change you experience as you put your Winning Week Challenge into action, and we hope it helps make a big difference for you.
